OKLAHOMA CITY SUFFERS GREAT FLOOD DAMAGE

The Frisco Railroad Suffers
Half Million Dollars
Damages.

By the Associated Press
OKLAHOMA CITY, Oct. 30.—The flood level of the North Canadian river here at noon today was reported at 13.3 by the weather bureau, the same level as reported yesterday afternoon.

Measurement at the city water reservoir showed a slight falling there, according to reports to the commissioner of public works.

While the crest of the flood was not expected until later in the day, it was the opinion of observers that the river had spread over so much territory that the additional rise reported up stream would be virtually dissipated before reaching here.

Damage estimated at \$5,000 was done to the St. Louis and San Francisco railroad property in the flood zone, railroad officials said today, as a result of a washout of 1,000 feet of track between the city and the packing house district. Trains over this line are being detoured over the belt line.

The street car situation is further disrupted today by a washout last night of about 100 feet of track on Noble avenue and a similar amount on Central avenue. Service on Central avenue has been entirely suspended.

The gas supply, which was threatened yesterday by a break in the main trunk line west of the city, due to flood water, remains about the same. Due to complete cut-off of gas from industrial consumers, sufficient gas for domestic consumption has been assured.

Election Returns at the News Office

In keeping with its custom of being up to the minute in every particular the News will, on Tuesday evening and until midnight Tuesday night, megaphone the state and national election returns from the balcony of the News building as fast as they are received and will post complete printed bulletins under electric lights as fast as they are received over the wire and transcribed by our Associated Press operator.

The News has paid the extra price, and arrangements have already been made with the Oklahoma City division for the returns just as they will be handled by the Associated Press in the larger cities of the country. The special Associated Press wire connecting this office with the Oklahoma City division will be in use and the special stenographic Associated Press operator will be on duty until midnight. A message from the Oklahoma City division today informs us that we will receive two ten minute calls every hour during the evening until all reports for the night are in. Under the rules of the Associated Press, however, we will not be allowed to post bulletins at any place other than the News building.

In order that our operator and special reporters may make the best use of the four telephones which will be in action in the office from late in the afternoon until midnight, it will be necessary to close the office and megaphone and bulletin the reports on the outside of the building. Heretofore the doors have been thrown open to the public, but due to the noise thus occasioned the service was very unsatisfactory. We trust that our friends will understand the situation and not ask to be admitted to the office Tuesday evening. All reports will be flashed as rapidly after they are received, and no "joke" or fake reports will be tolerated by this office. You can depend on the reliability of the reports flashed from the News office Tuesday night.

CARTOON WORRIES REPUBLICAN HEAD

NEW YORK, Oct. 30.—Will F. Hays, chairman of the republican national committee, in a statement issued here tonight, disclaimed responsibility for the dissemination of a cartoon by Albert T. Reid which represented Governor Cox on a step-ladder, "having difficulty in hanging the masterpiece."

The picture shown in the drawing represents an Uncle Sam with a grotesque "heart of the world—U. S." and bears the inscription "Professor Wilson, league of nations—the immaculate conception and the greatest he angel."

The appearance of the caricature in the current number of Harvey's Weekly and previously in the N. A. publican and several other newspapers caused protests of officials of the Knights of Columbus. Allan A. Ryan of New York called attention to the drawing, calling it "sacreligious," while former Ambassador Thomas Nelson Page applied to it the epithet "blasphemous and shocking." Governor Cox and Franklin D. Roosevelt also have referred to it in speeches.

Although it was prepared by a syndicate, which supplies republican headquarters with cartoons, Mr. Hays said it was used "without the slightest knowledge or approval" on the part of the republican organization.

LET STRIFE MAKERS COME TO JUDGEMENT

News' Special Service.

NEW YORK, Oct. 30.—George White, chairman of the democratic national committee, issued the following statement today: "Accumulative evidence that the republican campaign has followed a plan to array class against class and creed against creed, justifies Governor Cox's recent charge of the alignment of ulterior forces against him. Such prejudices have been stirred up in the name of strategy that the passing of a generation will not remove. These tactics were brought definitely into play as the progress of Governor Cox's campaign bestirred the conscience of America, and these tactics came directly from a middle western state following the elevation of a state politician there to national position."

"These ruthless appeals to religious feeling, these sneerings at faith and these mischievous attempts at religious schism concern me not so much because of their possible bearing on the campaign, but because of their tendency to create a religious difference among our people. The people know Cox as a member of a Protestant sect who has been able to obtain endorsement of Catholic, Protestant and Jewish leaders for the cause for which he is fighting. When the time of reckoning comes, let those who have tried to stir up this feeling between the sects come to judgment."

Bad Election Weather.
By the Associated Press.
WASHINGTON, Oct. 30.—Unsettled weather election day east of the Mississippi river, and generally fair west of the river, except in the north Pacific states, was forecast today by the weather bureau in its regular weekly report.

Security Bank Correction.
In giving a list of the stockholders of the new Security State Bank in the advertisement of yesterday, the name of E. O. West was unintentionally omitted by the printer. We make this statement in justice to Mr. West and the Security State Bank.

Democrats Attention
The campaign is fast drawing to a close and I am satisfied that with the full democratic strength of Pontotoc county voted on election day, we can roll up a majority of three thousand votes in Pontotoc county for Tom McKeown and Scott Ferris. In order to do this we must have a little financial assistance from the active democrats and I urge all democrats who want to see Tom McKeown and Scott Ferris carry Pontotoc county by three thousand majority, to bring or mail a little contribution to Harmon Ebey, treasurer of the democratic county central committee. This money is to be used to get the democratic vote into the ballot boxes on election day. Women can contribute the same as men.

Chairman Democratic County
10-29-31d Central Committee.

PRESIDENT AND WIFE MAIL VOTES TO NEW JERSEY

Mrs. Wilson Votes for First
Time—Also Mrs.
Tumulty.

By the Associated Press
WASHINGTON, Oct. 30.—President and Mrs. Wilson voted today in the presidential election. They marked their ballots at the White House and mailed them to Princeton, N. J., where the president has gone heretofore each election day to vote. Nine other ballots also were forwarded to New Jersey today from the White House, among them being those of Secretary Tumulty and Mrs. Tumulty.

These were the first ballots ever cast by Mrs. Wilson and Mrs. Tumulty, and they were among the first of the great army of women enfranchised by the 19th amendment to vote in the 1920 election. The ballots from New Jersey were forwarded to the White House early this week by request.

Mayor Warns Boys.
Mayor Gary Kitchens asks the News to inform the boys, big, little and all, that while he wants them to have a good time tonight—Hallowe'en—he will not tolerate the destruction of property. An extra force of police will be at work in the city and any infractions of the law will be enforced regardless of the fact that it is Hallowe'en.

SEN. HARDING OPENS LAST LAP OF CAMPAIGN

By the Associated Press
CINCINNATI, Ohio., Oct. 30.—Opening the last lap of his campaign travels, Senator Harding conferred with Ohio republican leaders here today as he completed preparation of his last speech before election, to be delivered tonight in Columbus.

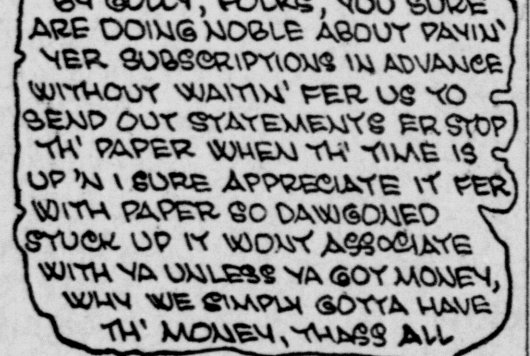

Leaving here at noon, the republican nominee was to make several stops at smaller cities on his way to the state capital. He planned to conserve his voice, however, for the night address in which he will sum up his campaign and rest his plea for support with the American people.

Coolidge In Last Speech.
By the Associated Press
BOSTON, Oct. 30.—Governor Coolidge, nominee for republican vice-president and Henry Cabot Lodge will make their final speeches at a campaign meeting in Tremont temple. Speakers of national prominence also will be selected by the national committee and candidates on the state ticket will speak.

Let Us Go To Church

Every church in Ada ought to be crowded tomorrow. Hundreds of people will go to church as a matter of duty. Everybody ought to go, whether he belongs to a church or not, for the church is one of the vital factors in the preservation of our civilization.

Every church in our city will present a program well worth hearing tomorrow. Our ministers are among the best in the state. Our musicians are worth hearing at all times. Then each church will have a congregation of good people whom it will be a genuine pleasure to meet.

You may feel that you owe no particular debt to the church. But you owe a debt to society and to our civilization. When the church dies, society and civilization die. By attending church services you help to keep the church alive and thereby help to maintain the moral standards of our time.

If you are not in the habit of attending church, try it out tomorrow. The chances are much more even that you will enjoy the experiment and that you will think so well of the program rendered that you may become a regular attendant in the future.

MAYOR AND COMMISSIONERS ARE ASKED TO WAIT FOR ORDERS

Small Group of Property Owners Would Say When to
Go Ahead With the Paving of Ada
Streets.

Mayor Gary Kitchens and the city commissioners are to me complimented for the stand taken this morning in refusing to permit a halt to be put upon them in carrying out what they as public officials deem will be best for the city of Ada.

"I will make no such promises and will sign no such paper," the mayor told a committee representing a group of citizens who are opposed to paving the streets of the city, when that committee asked him to sign a paper promising not to go ahead with the paving until they saw fit to have it done. Yet the mayor is anxious to comply with the wishes of the majority of the people.

A formal request asking the mayor and city commissioners to hold up the paving program in Ada until told to go ahead by a group of property owners was given a hearing by Mayor Gary Kitchens this morning. The request was presented by a committee composed of C. W. Zorn, Jesse Emory, J. E. Biles and Bat Roach, who were delegated to wait upon the mayor and city commissioners by a meeting of the property owners held last night.

The committee was also directed to wait upon the Evening News to request that this paper cease advocating the paving of the streets.

"I will make no such promise and will sign no such papers," the mayor said when the request was presented.

The committee further asked that the city drop its fight against the injunction proceedings pending in the district court.

"Drop the proceedings and let that injunction hang over our heads to prevent our ever making such 'improvements,'" the mayor repeated. "Not if I can help it. We are going to have that injunction dissolved, whether we pave now or next year or never. We want no such injunction hanging like a cloud over the city of Ada, hindering progressive moves for the betterment of our city and the enhancing of our property values."

About Fifty at Meeting.
The meeting of the property owners was held last night in the city hall. About fifty who are opposed to paving the streets were present. No invitations were extended to outsiders to be present, and the News was not informed of the meeting until this morning. None of the city officials were present to present the city's side of the case. The meeting was held at the instigation of a few leaders who seem determined not to permit Ada to overcome its present handicap of having to wade through streets that become lakes of mud and mire each time it rains.

The first injunction proceeding was scheduled for hearing this morning in district court. The court will probably try but one of the cases, passing judgment upon the other two by the precedent set in the first case tried.

The restraining order issued by the district court brought to naught all the procedure of the city officials preparatory to letting a contract for the city paving. Bids were advertised for according to law, but at the last moment the restraining order came prohibiting the officials from receiving bids or going ahead

with the paving in any manner until the injunction proceedings are heard. In the event of the injunction being dissolved, the city will have to again advertise for bids, going through all the formalities again.

Find Fault With Publication.
At the meeting last night, it was found that but a few present read the Weekly News, the official paper of the city and county. The committee which waited upon the mayor and commissioners this morning sought to censure the officials for publishing the paving resolutions in the Weekly, intimating that the officials had done this to "put something over" the property owners.

"It should have been published in the daily instead," they contended. The mayor was most courteous and patient with the committee. He explained that the Weekly News is the official paper of the city, and that all legal matter is published in that organ; that the difference in cost of publishing in the weekly and daily made it more economical to publish in the weekly; that the law was fully complied with in regard to publishing the paving resolutions, and that the property owners have permitted the protest period to pass without protesting.

"We passed the resolution calling for the paving at the request of a great majority of the property owners," the mayor said. "Now you would have it appear that we 'put the paving over' the property owners. We acted according to the wishes of those who wanted to pull Ada out of the country village

FOUR MAKE GET- AWAY IN DARING JAIL BREAK

Alleged Murderer Is Among
Those Escaping When
Bars Are Sawed.

By the Associated Press
MALESTER, Oct. 30.—Four men, one of them, awaiting trial on a charge of murder, escaped from the Pittsburg county jail early this morning in one of the most difficult and daring jail breaks ever made in Oklahoma. To reach freedom it was necessary for the men to saw thirty-two steel bars, each one-half inch thick, and an inch and a half steel bar, an inch iron bar and heavy steel netting. After sawing the bars the prisoners squeezed through a space between the cell bars only 7x12 inches and through a similar space in the wall window.

None had been captured up to noon today. In some manner one of the escaped prisoners had obtained possession of a piece of a metal cutting saw. This had been fitted in a wooden handle. The sawing of the cell bars was done at night. The break was not discovered until some hours after the escape.

Shriners Want Their Bills.
The local Shrine committee is anxious that all to whom they are indebted as a result of the entertainment here Wednesday present their bills to the committee at once in order that they may be checked up and paid as promptly as possible. The ladies who furnished the eats and all others are asked to present their bills to R. E. Briens at once.

EXPLOSION AT ALLEN CAUSES MUCH DAMAGE

A gas explosion at Allen yesterday afternoon between four and five o'clock in the Allen National Bank and John Pegg's general merchandise store caused considerable damage and much excitement among the citizens. The explosion was due to leaky pipes under the floor which allowed a great amount of gas to accumulate and when it became ignited in some unknown manner the explosion resulted. There were several people in the building, but none were injured.

The front of the bank building and the skylights were completely blown out and smashed. The furniture and general fixtures were broken and destroyed and the goods in the store were mixed up. Large holes were blown in the bank floor.

A fireproof bag for carrying aerial mail has been devised by government agents.

To Advertising Patrons of the News

The advertising patronage of the News has reached a point where the News is going to be compelled to adopt the same method employed by all other daily publications throughout the country, especially in the larger towns and cities.

When copy of regular advertisers is brought in on the day of publication it makes the paper late and the subscribers fail to read the paper on the day of publication. This hurts you as bad as it does us, for the very good reason that the whole family seldom have the opportunity to read your advertisements.

The News will attempt, after Monday, November 1, to get the paper on the streets at 4 o'clock and to the subscribers throughout the city not later than six o'clock in the evening. We must do this to save our circulation and to give our advertisers the best results.

This being true all regular advertisers are requested to get their copy into the office not later than twelve o'clock on the day previous to publication, and all transient or periodical advertisers must have their copy in the office not later than ten o'clock a. m. on the day of publication.

Beginning next Monday, then the deadline for regular advertisers who change copy daily or every other day, will be twelve o'clock the day previous to the date the ad is to appear. The deadline on all kinds of advertising, classified as well as display, will be ten o'clock on the day of publication.

If our advertisers will co-operate with us in this matter we will guarantee the paper on time each day and will also promise at least twenty per cent better results to the advertiser.

Help us to make the News a great daily, and also help yourself to better advertising results.

A Prayer.
I do not pray for peace,
Nor ask that on my path
The sounds of war shall shrill no
more.
The way be clear of wrath.
But this I beg thee, Lord,
Steel thou my will with might,
And in the strife that men call Life
Grant me the strength to fight.

I do not pray for arms,
Nor shield to cover me,
What though I stand with empty
hand,
So be it valiantly!
Spare me the coward's fear—
Questioning wrong or right;
Lord, among these, mine enemies,
Grant me the strength to fight.

I do not pray that Thou
Keep me from any wound,
Though I fall low from thrust and
blow,
Forced, fighting, to the ground;
But give me wit to hide
My hurt from all men's sight.
And for my hurt the while I bleed,
Lord, grant me strength to fight.

HOT, DIZZY FEELING

**Atlanta Lady's Uncomfortable and
Annoying Condition Relieved,
She Says, by Cardui.**

Atlanta, Ga.—Miss Alice Frances
Young, of 28 East Alexander Street,
this city, says: "After entering wo-
manhood, I suffered so much with
womanly weakness. My back ached.
I would have, at certain times, a hot
feeling that seemed to go to my head.
Even my shoulders would hurt, and it
made me very dizzy and uncomfort-
able. When the blood would flow to
my head—I suppose that was what it
was—I would faint and feel so weak.
I couldn't do my work. I had a
good position, and this was surely
annoying as well as embarrassing. I
would usually have to go home and
go to bed. I certainly suffered greatly.
I heard of Cardui, and my mother
bought it for me. It was the first and
only medicine that ever did me any
good for this trouble."

Dizziness, headache, sideache, back-
ache, tired-out feeling and other dis-
agreeable symptoms are often signs of
womanly troubles. Thousands of wo-
men who formerly suffered from these
and similar ailments have found Car-

An Ada and Pontotoc County Institution for Ada and Pontotoc County People

CAPITAL STOCK \$100,000

Organization and Purpose

This institution was organized in the belief that the in-
creasing population and the rapidly developing re-
sources and industries of Ada and Pontotoc County
demanded its service and would warrant its entry into
the business world.

It will not seek to succeed at the expense of others, but
it will throw its strength into the scheme of develop-
ment that now seems certain to place this city and
county at the forefront of the state's business, agri-
cultural and industrial activities, and in so doing will
not only create a place for itself but will, as well, bring
added strength to every other business institution with
which it must associate in the constructive work of
building a community.

Our Bid for Patronage

Our bid for a share of the public's patronage is made in the
belief that we are equipped with the latest and most modern
facilities known to the banking business; that our methods are
conservative, safe and time tried; and, last but by no means
least, the personnel, both officially and in our directorate, is
made up of some of the best known and best qualified farmers,
business and professional men in the community, all of whom
are closely identified with the best interests of the city and
county and none of whom would see a patron or a depositor
make a mistake or sustain a loss at any cost.

On the morning of November first we throw open our doors to
the banking public, and whether you open an account or not
we most cordially invite you to pay us a visit, inspect our bank-

quainted with the officers and working force of the institution.

 AND I thought.
 IT WAS nice of him.
 TO WRITE me the letter.

 A FINE contribution.

 AND SPENT a lot of time on it.
 AND REWROTE it twice.
 BECAUSE I thought.
 HE MIGHT want to use it.

 AND AFTER that.

I MAILED it to him.
 AND ALTHOUGH he didn't say.
 I SORT of expected.
 TO GET a check from him.
 FOR WHAT I had done.
 BECAUSE IT really was.
 A FINE article.
 EVEN IF I say it myself.

 AND THERE you are.
 AND I had all my trouble.
 FOR NOTHING at all.
 AND AS I said before.
 IT WAS a fine article.
 AND I wonder.
 WHAT MR. Gerard.
 DID WITH it.

BISHOP DEPLORES FIGHT ON COVENANT

WAGONER, Oct. 28.—In an ad-
 dress made today before the East
 Oklahoma conference of the Metho-
 dist Episcopal church, South, which
 is being held in this city, Bishop
 Edwin D. Morgan of Dallas, Texas,
 said: "The supreme folly of America
 today is that the petty politician
 has made a political issue out of
 the league of nations."

"Whether a man be a republican
 or democrat, America is throwing
 away the leadership of the world
 and is turning traitor to the boys
 who died in France unless she be-
 comes a member of the league. The
 time has come when every one who
 loves America must speak out in
 no uncertain tones."

"The league of nations is not a
 political issue, it is a spiritual is-
 sue. I believe whenever a moral is-

sue predominates, it should be left
 out of politics. The church is not
 interested in partisan politics and
 that should be our position today.
 From the standpoint of the church
 it matters not whether a minister
 is a republican or democrat and
 we never must stand for any politi-
 cal party in this country."

The league of nations was ap-
 proved without a dissenting vote
 at the West Oklahoma conference
 held in Ardmore last week and it
 is understood that similar action

will be taken at the conference here
 before it adjourns Sunday.

The League of Nations

My country, Oh! my country!—that nations are still calling,
From the lands of ancient anarchists, stormswept
and battle torn;
Beneath the jeweled crowns of kings, blood drops of
thorns are falling—
While you, with sun shod feet, but count the early
years of morn.

Out of the seethe of time and blood, are newborn nations
crying—
Sprung from the seed your hands have sowed, once
true and strong and proud;
My country, oh! my country—the breath of them dying—
shall be wrapped in swaddling clothes—or lie in
stillborn shrouds?

You brought the Armistice to men, when all the world
was ringing
With clash of arms and surge of death upon earth's
broken heart;
Oh! Christ in heaven, pity us—and God forgive the
bringing—
If you should fold your splendid arms, to turn and
stand apart!

Across the little graves in France, the autumn leaves are
falling;
A sobbing cuts the silence like the sobs of dripping
rain;
My country, oh! my country—it is your dead sons call-
ing,
In the throe of bitter anguish, that they have died
in vain.

My country, oh! my country—the wrath of God is break-
ing—
His ancient vale of Dry Bones is full of bristling
spears—
Shall the Covenant of Nations—the White Peace of your
making,
Go down in lying darkness—drowned in blood and
women's tears?
—Virginia Frazier Boyle.

THE CALL OF MERCY

Next Tuesday the voters of Pontotoc county will be called upon to decide whether or not we shall as a county build a county hospital wherein the maimed and sick of our population may receive treatment. In response to a petition signed by 1,200 citizens the county commissioners have submitted this question to a vote of the people.

It is no great argument in favor of this project to say that other counties have voted bonds and built county hospitals. Other counties may have bought a thing of no value. But there is a forcible argument in the fact that other counties after investigating the need for such an institution voted bonds to secure such institution, and since erecting and equipping such institution are satisfied with their investment. No county that has built such hospital is displeased with its action or would be willing to do without such institution.

Under modern conditions of surgery and the practice of medicine a hospital has been found to be indispensable. The vigorous war now being waged against disease in its various forms renders it imperative that those engaged in such a combat be equipped with everything necessary to make their efforts a success. Among such equipment a hospital is a prime essential.

The people of Pontotoc county are helping support hospitals in many parts of this country and in foreign lands. They would find one of their own a material advantage. And those who suffer through the long and wearisome days and nights of pain would find a hospital here at home a distinctive boon in the hour of trouble.

Another thing the people of Ada should be proud of is their city high school. Comparatively speaking it is a new institution. Just a few years ago, when the present senior class were freshmen, the city high school was a rather modest affair. Only a few dozen students matriculated and many of our citizens hardly knew that such an institution existed in their midst. But now we have a full grown school that is attended by hundreds of ambitious students and that is doing a work that would be creditable to a city of a hundred thousand souls. It easily ranks among the very best high schools in Oklahoma. The school as it stands today is largely a monument to the intelligent work of the teachers devoted to its upbuilding.

THE 1920 HALLOWE'EN WITCH

WHAT OTHERS SAY

Sand Springs Leader: Ten dollars reward will be paid to any person who can show a line or word contained in the covenant of the league of nations whereby the United States can engage in war without being declared by congress, the same as under present conditions.

Lawton Constitution: Harding has more nerve than he is generally credited with. After jumping on all sides of the league issue, he has the effrontery to challenge anyone to show him where all his utterances on the league of nations have not been in accord.

Healdton Herald: A headline in Sunday's Oklahoman reads: "Reform to End Land Graft by Indian Agents." This heading calls to mind an advertisement that appeared in one of the leading dailies some time ago: "For Sale—A Steinway piano, by a lady at 234 West Main, with carved legs."

Lawton Constitution: The federal reserve banking system carried the United States through the war without mishap. It has been proven to be the best system in the world. Yet the republican "interests" would condemn and destroy it out of pure partisan selfishness and to serve the special interest of Wall street, who held the financial fate of the nation in their hands, until President Wilson and a democratic congress placed it in the hands of the people of the country.

SAYS WILD WEST SHOWS MUST BE ELIMINATED

By the Associated Press
OMAHA, Neb.—The wild west show must be eliminated from the calendar of American sports because of its brutality, Frederick B. Fanger of Denver, Colo., told the American Humane association at its closing session here. Mr. Fanger is state officer of the state bureau of child and animal show protection of Colorado.

While referring to the exhibitions in question as wild west shows, Mr. Fanger remarked that in every community in which they were permitted they were called by different names, such as the Reedo in California, Frontier Days in Wyoming, Stampede in Texas, and so on. A typical wild west exhibition, he said, generally includes riding, bucking burros, relay races for cowgirls, relay races for cowboys, fancy trick roping, fancy trick riding, cow pony races, Roman standing races, riding bucking bronchoes, wild horse race, bull dogging steers, and roping steers. "Of the number named," he said, "not one of them actually takes place on the range in the business of herding cattle, with the exception of steer roping, or roping of animals in general for the purpose of branding, dehorning, etc." "The so-called 'sports' which cause fair-minded people to turn away in disgust," Mr. Fanger said, "might be summed up under the headings of riding bucking bronchoes (rough riding), steer roping, bull dogging and wild horse race."

MAYOR AND COMMISSIONERS ASKED TO AWAIT ORDERS

(Continued from Page One)

class; not because we alone wanted to pave the streets."

Estimate is Low.
The mayor called attention to the fact that the city's estimate of the paving cost is comparatively low.

"At the time the estimate was made," he said, "we could not get contractors to bid on the work because the estimate was too low. It is now possible for us to have the work done at this estimate."

The mayor mentioned to a News representative that there were some of the objectors who asked that the paving be held up until spring, that others wanted it held up indefinitely, and still others did not want any paving at all.

"There are those, however, who do want to have the streets paved," he said, "and we do not believe that it is fair to the city officials nor to those who want the paving to tie us up with an injunction such as wanted by these objectors. Rather, they should go to the court and withdraw their application for the injunction and work with us for the best interests of all."

Attention is called to the fact that not one red cent will have to be paid by the property owners until one year after the work has been done, and then only in small installments.

AMERICAN AND CANADIAN BOATS DASH OFF IN RACE

By the Associated Press

HALLIFAX, Oct. 30.—The American schooner "Esperanto," and the Canadian two-sticker, "Delaware," dashed off on their first race of the international fishing regatta at 9 o'clock today.

The American rounded the second mark ahead of her rival, after having taken the lead on the second leg.

The trophy cup will go to the boat winning two out of three races.

The schooners carried no gear not used in their daily work and were manned by crews of twenty-five, including a master and official observer and two guests.

FARM LABOR PARTY LEADER ATTACKS SYSTEM

By the Associated Press

SPOKANE, Wash., Oct. 30.—An attack on the American industrial system and the league of nations was delivered by Parley P. Christensen, presidential nominee of the farm-labor party, last night.

"I'm ready," he said, "to extend the hand of fellowship to the workers in Germany. Of course I despise the kaiser and the unspeakable junkers, but I don't know whether I loathe the German junkers any more than I loathe and despise the American junkers."

"The present league," he continued, "is little more than the constitution and bylaws of the international bankers set."

GO TO THEATRE

At the American.

If a group of effete civilized people were suddenly dumped down upon a desert island or into an uninhabited jungle, without food, clothing or shelter, would the self-protective instincts of their progenitors come to their rescue in their struggle for existence, or would they perish ignominiously because of lack of skill in junglecraft? Theories varied and numerous have been propounded on this question; but the most that can be said, after a consideration of the arguments put forth by both sides, is that "some do and some don't."

Primitive instincts, however, are usually uppermost; and "The Revenge of Tarzan," the thrilling photoplay that comes to the American Theater Monday and Tuesday, furnishes an interesting demonstration of that fact. The story tells of the adventures in civilization of the ape-man, "Tarzan," and his eventual return to the wilderness where he was born and reared.

A fire on a pleasure yacht on which they were sailing from Cape-town to England, sends a whole party, including English, Americans and one Russian to the lifeboats, which are finally carried ashore on the African coast, to a portion apparently uninhabited except by wild beasts. Dramatic situations arise, and real character is revealed. Here, where civilization is almost impotent in the face of nature, Tarzan, the ape-man of the jungle, is in his element. For two years he had dwelt in civilized countries and outwardly had conformed to the customs and conventions of civilization, but fundamentally he remained unspoiled, unchanged.

"The Revenge of Tarzan," a Numa picture, which Goldwyn is handling, is one of the most thrilling jungle stories ever pictured—the sequel to "Tarzan of the Apes."

At the McSwain.

Today marks the last day for the U. S. A. Girls, which has pleased the patrons for the entire week. Their show has been clean, their chorus good and the comedians clever. They are giving an entire change of program today.

The picture program, one that could not be beaten anywhere, is Harry Carey in "Sundown Slim."

Mrs. Tom Holt will speak Sunday evening at the close of the Y. P. S. E. program of the Christian church at 7 p. m. The subject will be "Enforcing Prohibition."

Stanfield-Grant.
One of the prettiest home wedding
of the season was solemnized
Thursday evening at 9:30 when
Miss Polly Stanfield became the
bride of Mr. Sam K. Grant of Dun-
can, Oklahoma.

The bridal party entered the liv-
ing room to the strains of Mendel-
son's wedding march played by
Mrs. Albert Russell and stood in
front of an improvised altar of
palms, smilax and carnations,
where Dr. Patterson of the First
Presbyterian church performed the
ceremony using a beautiful and im-
pressive ring service.

This service was made more ef-
fective by the soft strains of "I
love you truly."

The bride was beautifully gown-
ed in a navy blue tulle dress and
handsome embroidered char-
muse blouse of the same color with
harmonizing accessories. She car-
ried a beautiful arm bouquet of
bride's roses and candytuft.

The groom wore a conventional
suit of navy blue.

Mr. and Mrs. Grant left on the
10:18 Katy for Dallas from
whence they will go to Duncan,

All the entertainment of the eve-
ning was in keeping with Hallo-
ween from the telling of ghost
stories, to the search for the fam-
ily ghost which was finally lo-
cated in the closet in the servant's
room—a veritable "skeleton in the
closet."

After the playing of a progressive

Court House News

In County Court.

Judgement in favor of the de-
fendant was returned by a jury in
county court yesterday in the case
of J. J. Simpson versus Mack
Rinehart. Simpson sued for \$100
alleged to be due him on a wagon
sold to Rinehart. The defense es-
tablished that the wagon had been
returned to Simpson and had been
accepted in cancellation of the de-
fendant's indebtedness.

Mrs. Mary DeGraff was awarded
judgement over R. E. Jeter for
\$567.50 for the recovery of the
approximate value of a piece of
property which it was understood
had been traded to her by Jeter,
but which later sold to another
party. The plaintiff alleged that
Jeter had traded two city lots to
her for a piece of farm land. Later
when the deed was investigated it
was found that the transfer called
for but one of the lots. Jeter, in
his answer, declared that he had
given but the one lot in making
the trade. The jury held that Mrs.
DeGraff had entered into the trans-
action with the
lie that he
and was awarded the decision.

Pontotoc County
Teachers Holding
Forth at Normal

The Pontotoc County Teachers'
association is in session at the nor-
mal today. Professors Allen of
Roff, Morgan of Center, Wood of
Colbert, Jones of Pauls Valley,
Butcher of Allen, White of Vanness,
Wimbish of Fitzhugh, Edgar Harris
of the normal school, and County
Superintendent Floyd addressed the
meeting today. The meeting last
night was welcomed to the normal
school by President Linscheid. A
response to the address of welcome
was given by Superintendent Treas-
well of Francis. City Superinten-
dent Hickman of Ada and Superin-
tendent Sigbs of Stonewall ad-
dressed the meeting. The meeting
is well attended and the programs
exceptionally good.

Chairman Newcomb of the clas-
sification committee is having per-
grams printed for the second term
of the fall semester. The intention
is to enroll students during the
next week so that there will be no
loss of time between the two terms
of the semester.

Professor Nelson of the depart-
ment of Education is doing some
very interesting work in educational
testing and mental measuring. It
is his intention to make the test
and measurement work at East
Central foremost in the state.

A considerable flurry was caused
at the normal school this morning
when a defective valve in one of the
radiators in the auditorium blew
out. Aside from making consider-
able noise and spilling some water
on the floor, no damage resulted.
President Linscheid returned
from Holdenville and Okmulgee
where he addressed the county
teacher's association speaking on
the Better Schools Amendment at
Holdenville and on "Personality in
Teaching" at Okmulgee. He reports
interest in the work of East Cen-
tral.

any of the 19 missing members of
the crew of 34, who were on the
concrete steamer, "Cape Fear,"
when that vessel was sunk in Nar-
ragansett bay last night in a col-
lision with the Savannah line
steamer, "The City of Atlanta."
The coast guardmen searched all
night but found only quantities of
wreckage, but there was no word
of the missing men.

Pontotoc County
May Give 3,000
Democratic Majority

It is estimated that nearly five
thousand votes will be cast in Pon-
totoc county in Tuesday's election.
A total of 2,107 new registrations
are reported from thirty-three of
forty precincts. Of these 1,445 are
democrats and 662 are republicans.

In the city of Ada, a total of
616 new democratic registrations
are reported, against a total of
168 republicans. This is the total
new registration from the four
wards of the city. Other regis-
trants who were already on the
books, it is thought, will run the
final registrants to more than five
thousand, most of whom are ex-
pected to express themselves at the
election.

The democrats appear to have a
majority of three thousand over
the republicans in the entire coun-
ty.

Mrs. Gus Cunningham and child-
ren returned home last night from
Sterling City, Texas, where they
have been for some time visiting
friends and recovering from an
illness.

ADA HIGH WINS FROM WETUMKA

Thrilling Game Taken By Narrow Margin of Two Points.

In one of the hardest fought games witnessed on the local grid-iron this season, Ada High defeated Wetumka high school Friday afternoon by a score of 15-13. The contest was featured by many brilliant aerial plays, spectacular broken field running and consistent line plunging by the local lads.

Straight football was used for Ada's gains while Robison's proteges resorted to the aerial game. Poor generalship kept the score down to a low point for the locals, and their small lead of fifteen points was in danger of being overcome as the whistle sounded its final note.

Ada never was in grave danger of being scored upon until the last five minutes of play when with the score 15 to 0 and the ball in the middle of the field Wetumka punted to McCoy who fumbled, they recovering. On the next play Kirkpatrick received a pass from Lucas for a touchdown, and kicked goal. A minute later Nichols received a pass from Lucas for Wetumka's second touchdown and missed goal. The combination of Lucas to Nichols and Kirkpatrick was working to perfection and only by virtue of a safety against the visitors was Ada able to claim the victory.

The individual stars of the game were Lucas for Wetumka, who passed with wonderful accuracy, and Crawford and Cunniff for Ada whose consistent line plunging carried the ball across for the big end of the score. In the line McKendree and Gatlin for Ada outshone others as time after time they would break through and throw Wetumka's speedy backs for a loss.

As the closeness of the score would indicate the affray was hotly contested throughout the sixty minutes of play. Ada having the edge on the visitors in weight and line plunging but lacking the punch that would have run the score up many points. The last few minutes of play was a wild exhibition of aerial football and relief was felt only as the last whistle died away making this game history.

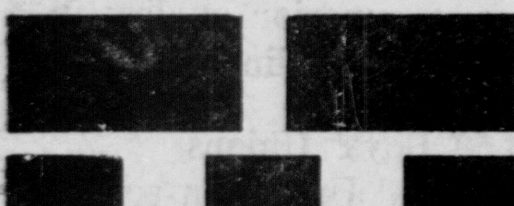

With Harrison and Meadows out of the game today the Ada team was crippled and Price held the position of quarter until he was forced to retire by injury. He was relieved by McCoy the midget youngster whose fumble paved the

WHERE COOLIDGE GOT HIS SHOES

Many People Want to Know Where He Got That Kind.

BOSTON.—Now that the secret is out, everybody wants to know where he got 'em.

Ever since he announced that he has worn the same pair of shoes the last eighteen months, Governor Coolidge has been receiving a flood of letters, all asking the same question:

"Will you please tell me where you bought those shoes?"

A stenographer, "sick and tired of reading those stories about stenographers who wear silk stockings and expensive shoes," politely informed the governor that she finds it extremely difficult to worry along on her salary, and if somebody is making shoes which stand the wear and tear of a year and a half she would like to know that

firm and to know quickly. She learned, to her disappointment, that the firm makes only men's footwear.

The governor's mail has jumped to about 150 letters a day since he became a candidate for vice-president. In addition to those who tell him how the campaign ought to be run, who ask advice as to what investments are safe, who want him to help the writer sell something to the republican national committee, and the autograph seekers, there was the North Carolina gentleman who wanted the governor to pick out a good school in the north for his daughter to attend.

Vote "No" on State Question No. 94

When you go to the polls Tuesday, vote "no" on State Question 94, Referendum Petition No. 30, providing for a repeal of Senate Bill No. 111.

This bill passed by the state legislature after weeks of investigation and hearings, is being opposed by the propagandists merely because it provides that any person professing to heal the sick in Oklahoma must have spent at least twenty-seven months in preparation and study for practice of such healing.

Surely you would not want your loved ones administered to in illness by anyone who had not spent at least twenty-seven months in acquiring education and training. Then vote "no" and keep the bill in effect.

LET'S RAISE EDUCATIONAL STANDARDS. VOTE "NO"!

HINTS FOR HALLOW'E'EN SPOOK PARTIES

Suggestions for decorations and place cards for a Halloween party.

Halloween, that magic time which brings to life such things as spooks, ghosts, owls, along with big, black, bushy beasts, together with sheets and pillow slips, the proper raiment for this occasion, is again approaching. One reason why Halloween is such a popular event to celebrate with a party or dance is because it permits of such variety in decoration and entertainment.

Masquerade parties are all ways good fun and ghost parties and witch parties are always in order. Quaint little invitations may be written in verse and sent on a wise owl, screechy cat or goblin pumpkin. Many of the decorations and place cards may be made instead of bought. Black and orange paper, sheers and paste is all needed for the making of all kinds of appropriate trimmings. Pictured here are a few suggestions for place cards and decorations for the table.

Appropriate games aside from the usual ducking for apples and telling fortunes may be found in the library. There are several good books on parlor tricks and sleight-of-hand games which will give good suggestions for the family ghosts to use in entertaining little folk or even grown-ups.

Here is a good supper menu for the more pretentious party. For the ordinary kiddies' party, however, cider, doughnuts, apples, candy and nuts, or perhaps sandwiches, coffee and doughnuts would be plenty.

Halloween Supper Menu.

Clam Bisque. Pimiento Cream. Toasted Triangle. Chicken Mimbals with Spaghetti. Baked Potatoes on Half Shell. Pumpkin Cheese Salad. Olives. Celery. Striped Bread and Butter. Halloween Sundaes with Maple. Sauce and Chopped Nuts. Fortune Cake. Rose Cream Mints. Salted Peanuts. Witches Brew.

Table Decorations. In the center of the table have a large pumpkin which has been scooped out and then filled with large, shaggy, white chrysanthemums. Around the centerpiece place a number of small witches. Dress little dolls in loose frocks of black with tall white conical hats and give each a little broom, made out of wisps of the kitchen broom. One of these witches may be placed so that she appears to be riding her broomstick, another may be peering out from under the flowers in the pumpkin bowl; and still another may be on top of the bowl looking into it. Put four candlesticks on four sides of the centerpiece. The place cards may be tied a little broom on which is tied a little white card with the name of

the guest written on it. At each cover is also a little candy tripod.

There tripods are made by tying three pieces of stick candy together at the top with a narrow black ribbon. A tiny brass kettle is suspended from the top by a narrow black ribbon. These tripods may serve either as nut or candy cups. The tablecloth and napkins may be of crepe paper with a border of paper witches.

The crowning feature of the Halloween party is the fortune cake. The cake is marked slightly into slices. In each slice there should be placed a little trinket which will foretell something in regard to the guest that happens to get it.

If a ring, the guest will be married within a year.

A key indicates a long journey. A button, single blessedness.

The coin means riches, the horseshoe, good luck; a round disk of white card, no luck at all.

The red candy heart may have two meanings: if it is whole it shows there is a lover, but if broken it means a broken heart. A pebble foretells hard times.

These trinkets may be very inexpensive, but they afford a heap of fun for young folks at a Halloween party. All gas and electric lights should be tabooed. Use candles hooded with artificial chrysanthemums.

Straw hats were worn in Europe as early as the eleventh century.

NORMAL NOTES

Many of the students attended the football game at Edmond today.

The faculty party given last evening will be reported in detail next week.

The report on the "Queen" contest will appear in another part of the paper in complete form.

Maud Rhea, Lucille Burt and Ruth Freeman withdrew from school yesterday. They expect to begin teaching next Monday.

Miss Ida Hoover of the art department left for Norman yesterday where she will spend the week-end visiting homefolks. She also expects to attend the East Central-Central football game at Edmond today.

Mary Ruth Atkins and Vallie Owens are in Ada taking the teachers' examination. Miss Atkins was at the Normal looking up a location for her brother, who expects to enter school next term.

The Pesagi staff is rushing the work of the annual event this early in the term. The training school, senior-preps, and the home economics club had their pictures made the past week.

Raymond and Scott Walker, Beulah Smith, D. C. Connor and Mrs. Porterfield have been absent from school the past three days, having gone to their respective counties to take the teachers' examination.

The home economics club will give a party to its members next Wednesday afternoon at 4 o'clock. A very interesting program has been planned and a good time is assured to all who attend.

The second football team met defeat at Wewoka yesterday to the tune of six to none. Prof. E. C. Wilson, who went with the boys, reports a very interesting game, the touchdown coming at the close of the game.

J. C. Moore, a Normal graduate of the class of 1915, was one of the party of Shriners who visited Ada the past week. "J. C." as he is known in school, dropped in at the Normal for a short visit with old time teachers and friends.

Miss Keller gave the story of "Il Trovatore" with stage setting in chapel last Thursday morning. At the appropriate time the Treble Clef club sang the Anvil chorus and the Miserere was given on the Victrola. The story was listened to very attentively as many of the students expect to attend the opera next Monday evening.

Pesagi Queen Contest.
There has been quite a lull in the voting for the Pesagi Queen, due to the fact that those mostly interested in the contest are attending the Edmond football game today. Some of the wise ones are saying, however, that there will be some big changes in the positions of the candidates soon. Following is the list as it looked Friday afternoon at 4 o'clock:

| Opal Caruth | 2059 |
| Thelma Elliott | 1848 |

ALL PRESIDENTIAL CANDIDATES TO GET RETURNS

By the Associated Press
CHICAGO—This is where the major presidential candidates will receive the returns on election night.

Governor Cox, the democratic nominee, at Dayton, Ohio, his home town.

Senator Harding, the republican candidate, at the "front porch" in Marion.

Aaron S. Watkins, the prohibition standard bearer, at his new home in Cincinnati.

Three out of the seven in Ohio, the rest are scattered.

Eugene V. Debs, the socialist candidate, at the federal prison at Atlanta, Ga.

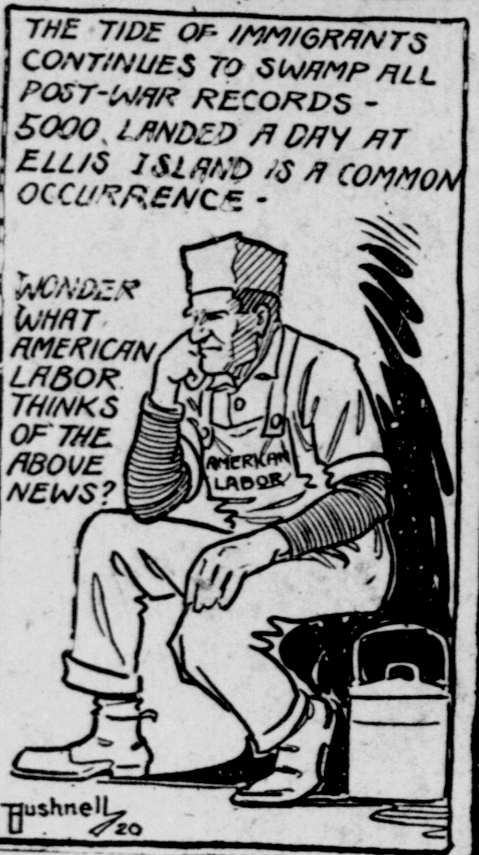

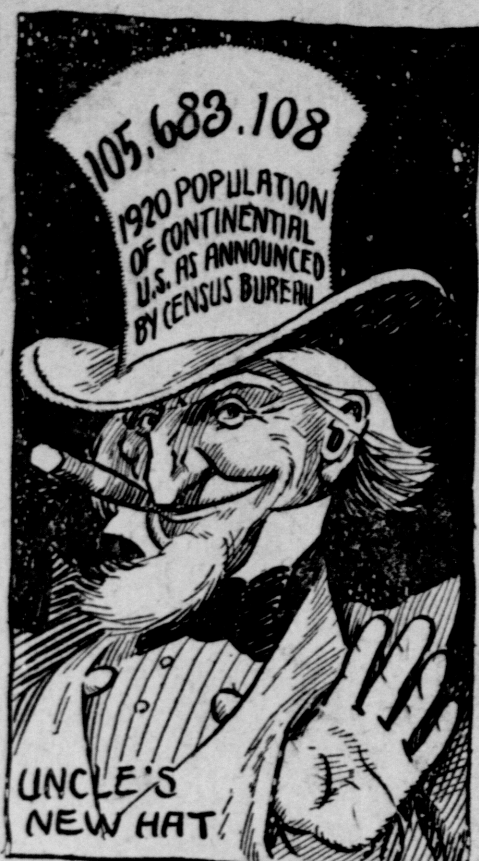

Parley P. Christensen, the nominee of the farmer-labor party, at his home at Salt Lake City, Utah.

There probably won't be any returns Tuesday night for two other presidential nominees whose names have been prominent on middle western ballots. These are Robert C. Mcaulay of Philadelphia, the single tax candidate, and William W. Cox, of Missouri, who heads the socialist labor ticket. Returns on the minor candidates are generally several days coming in.

Debs will get the returns through the national socialist headquarters in Chicago. It has arranged to telegraph him. If the party polls a heavy vote it reports it may make special announcement to him on November 5, which marks Debs' 65th birthday.

BUŠHNELL'S ANIMATED CARTOON MOVIES OF NEWS EVENTS—IN EIGHT REELS

Many Measures to be Voted Upon in General Election

NEW YORK, Oct. 30.—The national and state elections to be held next Tuesday, November 2, will be notable for the number of women nominees and the large number of parties which have nominated candidates.

Six parties have national tickets for president and vice-president, though by no means in all the states. These tickets are republican, democratic, socialist, prohibition, farmer-laborer and single tax. About thirteen other parties have candidates either for state tickets or for representatives in congress, bringing the total of all parties in the field nearly to a score.

In the presidential election there will be chosen 531 members of the Electoral College of which 266 will be necessary to the election of a candidate as president. In the last election President Wilson had 277.

The present membership of the United States senate is 96, composed of forty-seven democrats, forty-eight republicans and one socialist and progressive. This year thirty-three states are to elect thirty-four senators, the terms of thirty-two members of that body, expiring on March 3, 1921 while the other two are being selected to fill unexpired terms up to March 4, 1925. Of the thirty-two senators whose terms expire March 17 are democrats and fifteen republicans. The two additional vacancies were caused by the deaths of senators Bankhead of Alabama and Martin of Virginia, both democrats. One senator is to be chosen in each of the thirty-three states except in Alabama which elects two.

The only states which do not elect senators are Delaware, Maine, Massachusetts, Michigan, Minnesota, Mississippi, Montana, Nebraska, New Jersey, New Mexico, Rhode Island, Tennessee, Texas, West Virginia and Wyoming.

Women candidates for the Senate have been nominated in six states, by the prohibitionists in Indiana, New York and Pennsylvania; by socialists in California; by the farmer-laborer party in New York and Connecticut and by independent in Nevada.

Socialists have candidates for the senate in eleven states: Alabama, two, California, Florida, Illinois, Indiana, New Hampshire, New York, Oklahoma, Oregon, Pennsylvania and Washington. The farmer-laborer party has senatorial candidates in seven states: Connecticut, Illinois, Indiana, Iowa, Missouri, New York and Washington.

At least eight other parties have nominated candidates for senator in one or more states. These are progressive, socialist, labor, single tax, independent, industrial labor, labor, independent republican and non-partisan leagues.

The total membership, 435 of the next house of representatives is to be elected. Of the number, 218 is necessary for a majority. The present membership is democrats, 190; republicans, 232; independent republicans, 2; independent, 1; prohibitionist, 1; vacancies, 9. Women have been nominated as candidates for representatives in at least eleven states including Alabama, California, Idaho, Iowa, Michigan, Oklahoma, Oregon and Missouri, Nebraska, Massachusetts, New

York, Oklahoma, Oregon and Missouri.

37 Governors on Ballot.

Governors are to be elected in thirty-seven states while elections for lesser state offices will be held in seven others. Those electing governors are: Arizona, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Nebraska, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Washington, West Virginia and Wisconsin. Both democratic and republican parties have been nominated in all these states except Georgia and South Carolina in which no republicans are running.

The socialist party has candidates for governor in eighteen states: Delaware, Florida, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New York, Oregon, Pennsylvania, Rhode Island, Wisconsin and Texas.

Many women have been nominated for office on state tickets.

Constitutional amendments are to be voted upon in twenty-nine states. There will be referendum in twelve and initiatives in four. Arkansas will vote on amendments granting suffrage to women and the powers of the initiative and referendum to the people. California will have a referendum on five questions including the Harris prohibition enforcement act and the sale of poison act. One of the most notable of the initiatives is that in California where the voters will be called upon to decide the fate of Japanese farmers by amending the alien land law so as to withdraw the land leasing privilege from aliens who are ineligible to American citizenship. California has an initiative vote also on prohibition of vivisection. Voters will pass upon several constitutional amendments including the single tax measure and prohibition of compulsory vaccination.

Georgia will pass on a constitutional amendment authorizing pensions to Confederate veterans or widows. In Kansas the voters will pass on an amendment to provide state aid in the purchase of farm homes. Louisiana will vote on pensions to Confederate veterans.

Michigan on an amendment to require all children between the age five and sixteen to attend public schools and Minnesota will decide whether to exempt automobiles from personal property tax, increase the license fees and use the funds to build and maintain state highways.

Missouri will decide whether to call a state constitutional convention. Montana will vote on a proposed repeal of the presidential preferential primary.

Nebraska will decide a referendum on a law substituting nominating conventions for primaries for all state offices except governors. New Hampshire will vote on questions of levying a state income tax, granting the governor right to veto items in appropriation bills and reducing the size of the house of representatives.

New York voters will pass on a proposed \$15,000,000 bond issue. North Carolina will vote on a proposed state income tax while North Dakota will decide whether to grant woman suffrage. Ohio has a referendum on an act providing for the enforcement of prohibition while Oklahoma is to settle the question of regulating the practice of medicine.

In Oregon there will be a vote on a constitutional amendment for compulsory voting and registration and an initiative on an anti-compulsory vaccination.

Six constitutional amendments are proposed in South Dakota including one to authorize the issue of \$6,000,000 in bonds to provide bonuses for soldiers, sailors and marines. Washington also will vote on a proposed bonus for soldiers and on the question of increasing the salaries of state officers.

No state elections will be held next Tuesday in Maine, Maryland, Mississippi, New Jersey, nor Virginia.

Probably the banner state for the number of candidates for governor is Illinois, where ten parties have named candidates for that office, including the democratic, republican, socialist, socialist labor, farmer-laborer, single tax, prohibition, co-operative party of America, liberal party and Harding-Coolidge republican.

FARMERS TO STUDY MARKETING PROBLEM

By the Associated Press
CHICAGO—Co-operative purchase of farm supplies by farmers' business organizations will be taken up by the Farmers' National Grain Dealers association at a convention here December 2 and 3. The other major subject will be the co-operative selling of grain. Announcement of the tentative program was made here today.

According to national headquarters of the association here, there are 4,500 farmers' co-operative elevators in the country, representing an investment of \$100,000,000. They are said to handle annually 1,000,000,000 bushels of grain. Their purchase of supplies in a year are estimated at \$250,000,000.

"These elevators constitute the biggest business organization of farmers in the world," association headquarters said today. "It is hoped to group purchases so as to take the entire output of factories." Ohio is the first state to form a collective purchasing company, and Charles Latchaw of Defiance is scheduled to tell of what is accomplished today. A company incorporated at \$100,000 has been in operation in Ohio since the first of last July.

Practical propositions submitted by manufacturers will be reported. Establishment of a national wholesale buying association will be the subject of a committee report, a committee on this subject having been named at the March meeting of the association. The Farmers' Union Exchange of Nebraska and the Wisconsin Purchasing association will be heard from.

Co-operative wholesale efforts, terminal grain marketing, and bonding and insurance will be other subjects before the convention.

Among speakers scheduled are Harold G. Powell, manager of the Citrus Fruit Growers' association of California. Thomas Crerar, head of the Canadian Grain Growers' com-

pany, and Secretary E. T. Meredith of the department of agriculture.

This is the first national convention of the kind to be held by the association. Heretofore its conventions have been composed of two delegates from each state, but next month this limitation will be taken off.

WOMEN NEED NOT STAND IT

Lydia E. Pinkham's Vegetable Compound Surely Removes Suffering and Pain. Here is Proof.

St. Paul, Neb.—"I suffered with periodical pain for about four years so that I was unable to do my work at times. A friend told me about Lydia E. Pinkham's Vegetable Compound and I took it. It soon stopped all my suffering so that I am now feeling fine in every way. I recommend your medicine to my friends who have similar troubles. You may publish this letter for the benefit of other women."—Mrs. WILL THOMAS, St. Paul, Neb.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who now are free from suffering by its use.
